Information Resources Department

The Information Resources Department (IRD) is the custodian of GISL's current and archival media recordings. Within the IRD's remit is the management of media content throughout each asset's lifecycle.

What are the service offerings of the
Information Resources Department

Archiving
Digital Asset Management
Digitisation
Cataloguing
History & Heritage

Our Collection's Themes

The collection, inclusive of the archives includes content on:

- Presidents, Prime Ministers and Political Parties
- Athletes
- Authors and Artists
- Musicians and Instrument Makers
- Trinidad and Tobago International Events and Achievements
- Fashion TT
- Festivals and observances
- Infrastructural Development

In addition to Carnival content, which is available subject to IP and Copyright clearance.

Requests for footage and photographs are facilitated through InformationRequest@gisltd.tt

DIGITISED CONTENT

Use of GISL's Content

As a creative person or entity, our content can be used to:

- Give essence to your production or creation
- Establish settings [time factor]
- Recreate a scene in history
- Give perspective

HIDDEN TREASURES WEBSITE

The Hidden Treasures website was designed as a crowd sourcing tool to garner public responses in identifying people and places in our archival content to aid the cataloguing process and generate interest in our collection.
